EXPERIENCE

Meta (Facebook UK Ltd)

Staff Software Engineer /
Engineering Manager

Dec 2024 – Present

Meta runs 4 of the world's top 10 apps (Facebook, Instagram, Messenger, Whatsapp) and serves over 20% of the global internet traffic. This means running a hyperscaler-sized cloud footprint of 3GW and growing.

- TLM (IC + EM role) of **Hardware Placement** team in Meta's Infra Datacenter org
- Built platform to 100% automate generation of rack deployment plans of 1GW+ capacity in 2025
- Evolving MILP solver pipeline to RL-based solver optimising for power/cooling/space in DCs
- Optimised \$300M+ in-region buffer costs by improved *spread* of racks [arnavg.in/fb/buffer]
- Developed an agentic-AI platform to handle >60% of datacenter site operations triaging

JioCinema (Viacom18 Media Pvt Ltd)

Principal Engineer /
Director of Engineering

May 2023 – Dec 2024

Viacom18/JioStar is one of India's largest media companies, owning multiple TV channels. JioCinema (now JioHotstar), the digital arm of Viacom18, is the most downloaded Indian app in 2024, and has 400M+ users.

- Built (0 to 35 engineers) and led 'Engagement' team that builds video-adjacent products
- Launched 2 major products — **360° Player** and **WatchParty** for Indian Premier League 2023
- Led development of **in-app digital goods platform** — Sticker Store [arnavg.in/jc/stkr]
- Founded 'Mobile Performance' team; improved app stability by 70%
- Re-built release platform (CI/CD, feature flags) at 400M user scale [arnavg.in/jc/release]
- Led development of '**Fanverse**', immersive audience-led world discovery

Scaler (InterviewBit Technologies Pvt Ltd)

Product & Tech,
Founders Office

April 2021 – April 2023

Scaler is a fast-growing edtech company, valued at USD \$800M. Started as InterviewBit, a tech learning website, it gets over 8M+ visits every day. Currently, it caters to over 50,000+ online learners.

- Hired as key leadership after Scaler's \$20M Series A funding [arnavg.in/sclr/join]
- Drove strategic acquisitions to increase revenue (Coding Minutes, Coding Elements, PepCoding) [arnavg.in/sclr/acq-cm], [arnavg.in/sclr/acq-ce], [arnavg.in/sclr/acq-pc]
- Hired and built the mobile engineering team; launched Scaler's mobile app
- Launched an Engineering Leadership program — 'Scaler Forever' [arnavg.in/sclr/forever]
- Launched 'ScalerPod', a podcast with top CTOs — 1M+ total views [arnavg.in/scalerpod]

Target (Target Corporation)

Lead Engineer — Android

March 2020 – April 2021

Target is an American retailer and a Fortune 500 company with USD \$100B+ annual revenue. It has a large tech centre based in India, employing over 5000 employees.

- First 'Lead Engineer' in India mobile team; youngest Lead Engineer in Target's digital team
- Led a team of 6 Android and 5 iOS engineers
- Handled re-writing the knowledge base, FAQs, and chat support in the app
- Supported the team that revamped the authentication system on the app
- Moved Salesforce-based post-purchase experiences into fully in-house products

Zomato (Zomato Ltd)

Engineering Head — Consumer Apps

March 2019 – March 2020

Zomato is a food delivery and discovery app from India, with current and former operations in UK, UAE and USA. It went public in an IPO in 2021 and is currently valued USD \$20B, with 100M+ users.

- Setting up and running a 6-member 'Mobile Platform Team' working on app performance
- Reduced Zomato Android App size by 30% [arnavg.in/z/app-small]
- Reduced build times for the app by 95% [arnavg.in/z/build-time]

- Built and maintained Zomato's Design System 'Sushi' on Android [[android.sushi.design](#)]
- Got promoted to lead the entire mobile team for Consumer app (30+ members)
- Handled the migration of Uber Eats users to Zomato on mobile apps after the acquisition

CodingBlocks (Coding Blocks Pvt Ltd)	Co-founder and CTO	June 2016 – March 2019
---	--------------------	------------------------

Coding Blocks is an ed-tech company which has online and offline courses for 18-24 year olds in Computer Science fundamentals and applied programs like Web, Mobile Apps, Machine Learning and AI.

- One of the co-founders, with a 4% ownership of the company
- As CTO, built a 12-member engineering & product team, catering to 1M+ users
- Bootstrapped the company to USD 2M+ revenue profitably without any VC investment
- Launched an online code editor with 100,000+ daily visitors [[ide.codingblocks.com](#)]
- Mentored 500+ students for mobile and web app development

ADVISORY ROLES

RentOk (Eazyapp Tech Pvt Ltd)	Tech Advisor	2020 — 2024
--------------------------------------	--------------	-------------

- Hiring engineering leads for app and backend teams
- Code reviews, architecture design, mentoring sessions for engineering team
- Migration of backend from Firebase to in-house service using PostgreSQL
- Leadership coach to Nimit, CTO of RentOK

SlashPay (Greenbacks Technologies Pvt Ltd)	Consulting CTO	2021-2023
---	----------------	-----------

- Hiring of engineering head and engineering team
- Banking gateway and API integrations with ICICI Bank
- App architecture, system design and code review
- Negotiation of acquisition offers and successful exit

Grapevine (Watercooler Chat Pvt Ltd)	Product Advisor	2022 — Present
---	-----------------	----------------

- Fundraise and Investment advise, connections to VCs and investors
- Product improvements on gamification, social sharing, account verification
